Purpose of Disclosure: _____

I authorize the release of medical information to another provider/facility as deemed necessary for my treatment or transfer. I further authorize South River Pediatrics to obtain medical information from another provider/ facility as deemed necessary in the course of my treatment. This authorization will expire sixty (60) days from the date of signature. In the State of Maryland, the physician who creates the patient's record is the owner of those medical records. Maryland Law states that photocopies may be released to the patient or parent upon proper written request within a reasonable period of time. I understand there is a fee of .50 cents per page and an extra charge if the copied chart is mailed off instead of being picked up. All fees must be paid upfront before copying can begin.
